

HAM RADIO CLASS

Preparation and Test for FCC Amateur Radio General License

A Technician License is a pre-requisite

August 3, 2019 (0800-1600) - August 4, 2019 (0800-1200)

FCC License Testing August 4 (1230-1430)

No Charge for the class

There may be up to a \$15 FCC License Testing Fee*

Come with an open mind, pen and paper. We discourage the use of iPhones, etc. in the class except for emergencies. Please put on vibrate.

A simple calculator and a windows PC or tablet are useful. We will be mailing a small study guide to registrants before the class.

Class is held at the Lancaster County Public Safety Training Center, 101 Champ Blvd, Manheim, PA 17545

Ham Radio is Amateur Radio, FCC Part 97. It is a licensed service. The class is targeted to prepare the student to pass the General Class License test which has privileges on portions of all Amateur bands.

PLEASE CONTACT the instructor before the class for a study guide. We expect the student to spend a couple hours studying what we call memory questions. We will cover concepts and technical ones in the class.

Contact : Ralph Brandt K3HQI 717-885-3063 or ralph.brandt@comcast.net. Pre-registration helps planning but any payment is at the time of testing on Sunday. Please give a phone number where you can be reached in case of bad weather. Upon passing the test an FCC license upgrade is usually issued within a week. You will need a government issued photo ID for the testing. If you do not have one contact Ralph for alternatives. *The license fee is determined by the testing team that is independent of the instructor.
